KEY FEATURES & MATERIALS

COOLING

Stearns & Foster® designs every mattress with breathable materials to keep them as cool as they are comfortable.

AIRVENT SYSTEM

Ventilated coil systems work with external air vents to help prevent heat buildup in your mattress to promote cool, comfortable, deep slumber throughout the night.

TOP PANEL WITH TENCEL™

A stretch-knit covering featuring Tencel, a sustainably sourced fiber used in athletic wear, designed to wick away moisture and keep you comfortable.

COMFORT

Stearns & Foster mattresses are made with exclusively designed foams and coils that work in tandem to deliver exceptional pressure relief and support.

PREMIUM GEL FOAM / GEL MEMORY FOAM

A premium foam with a sumptuous feel, crafted to adapt to your body and relieve pressure for all-night support.

INDULGE MEMORY FOAM

An exclusively made foam engineered for Stearns & Foster by the scientists at Tempur-Pedic®. Indulge yourself with a plush, comfortable feel, plus premium pressure relief for all-night support.

INDULGE HD MEMORY FOAM

An even higher-density foam engineered by Tempur-Pedic scientists to deliver an elevated Stearns & Foster feel. Experience indulgent comfort and premium pressure relief to get the sleep you've always dreamed of.

COILS

Our unique IntelliCoil® technology in every Stearns & Foster mattress conforms to your body type to provide flawless support, stability, and durability.

INTELLICOIL®

The world's finest bed wouldn't be complete without the world's finest innerspring. The IntelliCoil is our patented coil-within-a-coil design, allowing sleepers of all body types to find their perfect level of support.

INTELLICOIL® HD

Our one-of-a-kind innerspring design, with densely packed coils provides even more adaptive support for every type of sleeper.

INTELLICOIL® MICRO LAYER

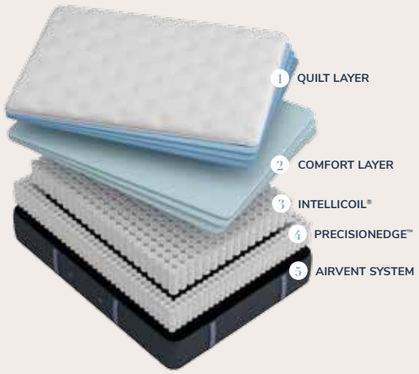
This version of our IntelliCoil technology is designed to stretch across the entire mattress for long-lasting support – and plush, yet conforming comfort.

INTELLICOIL® MICRO HD LAYER

Part of our legendary hand-built Reserve beds, this pillowtop layer brings IntelliCoil technology to our most luxurious mattress and delivers the exceptional comfort and support that only Stearns & Foster craftsmanship can provide.

PRECISIONEDGE™ + AIRVENT

Provides comfort, support and breathability throughout – creating a mattress that's durable, flexible, and decadently comfortable from edge to edge.



ADJUSTABLE BASES

Customize your Stearns & Foster® comfort with an adjustable base that allows you to enjoy a virtually unlimited range of ergonomic positions, all with a push of a button.
